**DAVID TOYCEN**  
Former President, World Vision  
Canada

**PRAVIN SHARMA**  
Hinduism Educator

**Common Ground** is an interfaith event to promote dialogue and communication and will bring together unique groups of people and instead of underscoring differences, we'll validate diversity.

Religious disparity can lead towards hostility, anger and exclusivity. Terrorism and global violence is often fuelled by a demonization of the other - other sexes, other races, other orientations, other cultures, and the global economic gap.

This event is not about conversion. It's about conversation. It's about change.

Join us as Buddhists, Muslims, Hindus, Christians and Jews listen to one another speak to issues in an inclusive way.

Be there March 31st at World Vision Canada for this wonderful opportunity to learn, grow and celebrate our common ground together.
